Key Terms

- 1 ISIN code is short for International Securities Identification Number; a unique security identifier of the fund share class.
 - 2 Income distributed per share is the total per share amount of income the fund distributed to shareholders in respect of the reporting period. **You should ensure that you refer to any distribution notices received to ensure that you include the correct distributions in your tax return.**
 - 3 Ex-date on which distribution was declared is the effective date of the dividend payment (i.e. date on which the fund value dropped by the dividend amount).
 - 4 Excess of reportable income over distributions is the amount of income reported per share in excess of cash distributions paid to shareholders in respect of the profits of the period.
 - 5 Fund distribution date is the date on which the Excess of Reportable Income over Distributions is deemed as being received by relevant participants for UK tax purposes. It is typically six months from the end of the reporting period of the share class in which you hold an investment. For the Vanguard Investment Series plc reporting period 1 January 2020 to 31 December 2020, the fund distribution date for each class is listed within the above report. For all classes which remained in existence as at 31 December 2020, the fund distribution date is 30 June 2021, which a UK individual relevant participant is taxable on in the tax year 6 April 2021 – 5 April 2022. Where a class has merged or liquidated, the fund distribution date is six months from the merger / liquidation date. **You should ensure that you seek personal tax advice when completing your tax return.**
 - 6 Investor average equalisation adjustment – Vanguard operates an equalisation policy for Vanguard Investment Series plc. The equalisation amount is relevant to investors who have made an initial purchase of fund units during its reporting period and continued to hold an interest as at the period end. These investors should be able to use the average equalisation factors to calculate an equalisation amount which may be off-set against any excess reportable income. **Please note that this disclosure does not constitute tax advice and any investor who is unsure of their tax position in relation to these amounts should contact their tax adviser.**
 - 7 Where the Reporting Fund holds more than 60% of its investments in debt securities (or similar) the share class is a Bond Fund and the distribution should be treated as interest income in the hands of the investor. Where the Reporting Fund does not hold more than 60% of its investments in debt securities (or similar) the share class is an Equity Fund and the distribution should be treated as a dividend income in the hands of the investor. **You should ensure that you seek personal tax advice when completing your tax return.**
 - 8 Where a share class has either merged or liquidated during the reporting period, it no longer remains a reporting fund as at the date this report is issued.
 - 9 Effective 13 May 2020 Vanguard SRI Global Stock Fund has been renamed to the Vanguard ESG Developed World All Cap Equity Index Fund.

Vanguard Group (Ireland) Limited has implemented the EU Sustainable Finance Disclosure Regulation (EU) 2019/2088 ("EU SFDR"), as appropriate. Vanguard has introduced an internal product classification framework that helps to identify whether certain Vanguard funds promote, among other characteristics, environmental and/or social characteristics, or whether a fund has sustainable investment as its objective. Vanguard also considers the degree to which sustainability risks are integrated into the investment decision making process. Statements explaining Vanguard's approach to the integration of sustainability risk, including into its remuneration policy and a transition statement to support the consideration of Principal Adverse Indicators (this is the impact of its investment decisions on sustainability factors, commonly referred to PAI), will be available on the policy page of Vanguard's global website.
